Wizardry in Wood 2016

As many of you know Darren Breeze entered pieces into some of the competition categories at Wizardry in Wood 2016 in London this year.

Wizardry in Wood is the exclusive quadrennial exhibition of the finest in contemporary woodturning

Darren won 1st place in the Association of Woodturners of Great Britain (AWGB) 'Plain Turning' category, with the piece opposite.

This is a great achieved and he should be really pleased with this and the acknowledgment of the standard of work he is producing.
